ASSEMBLY

Note: Please assemble cabinet on packing material. Hard floors may damage the panels and carpeting may get caught between panels while the table is being assembled.

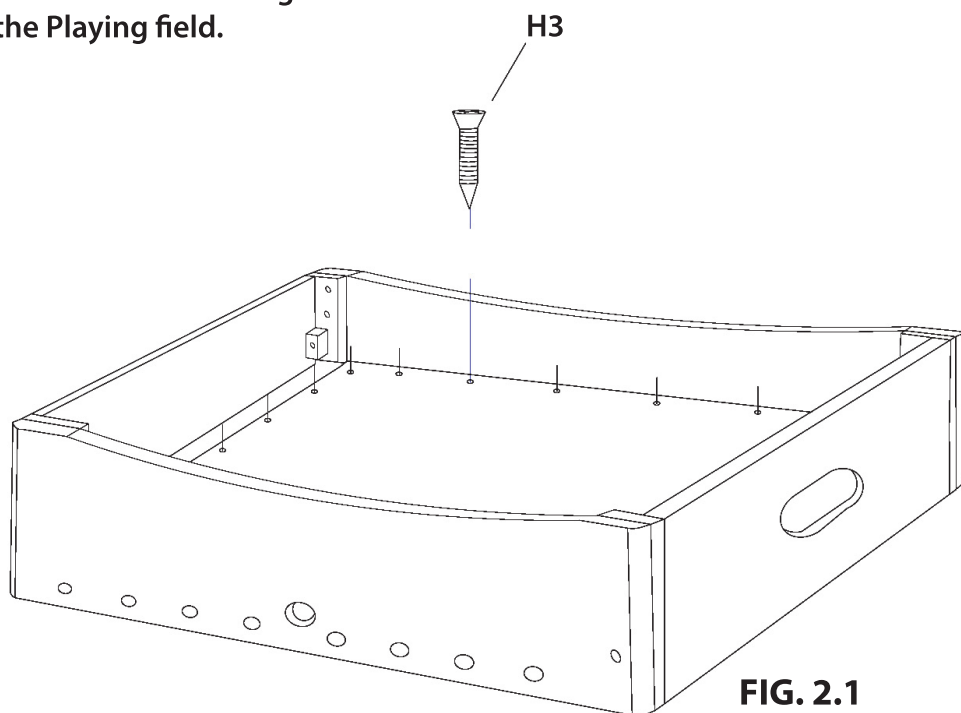

STEP 1.

Start by assembling the table frame. Secure the Side Panels (P2) to one of the End Panels (P1) using Bolt (H1), Washer (H2) and Screw (H10). Once you have secured one of the End panels to the Side panels, place the Playing Field (P3), playing surface facing down, between the three panels before securing the final End Panel (P1).

STEP 2.

Once the End and Side panels are assembled and the Playing Field is in place, secure the playing field using Screws (H3). Be sure to insert screws straight down so as not to damage the Playing field.

STEP 3.

Place the Goals (P4) on the inside of each End Panel (P1) and secure using Screw (H10) as shown in Figure 3.1.

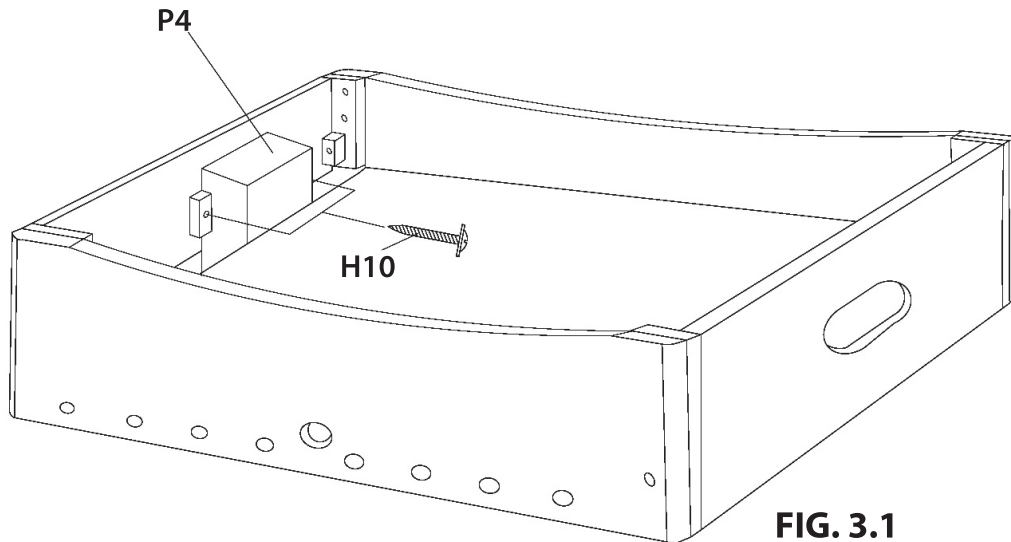

FIG. 3.1

STEP 4.

With the table remaining the up-side-down position attach the legs to the frame assembly using Bolts (H4) and Washers (H5) as shown in Figure 4.1. Once all of the legs are attached and firmly secured attach the Leg levelers (P9).

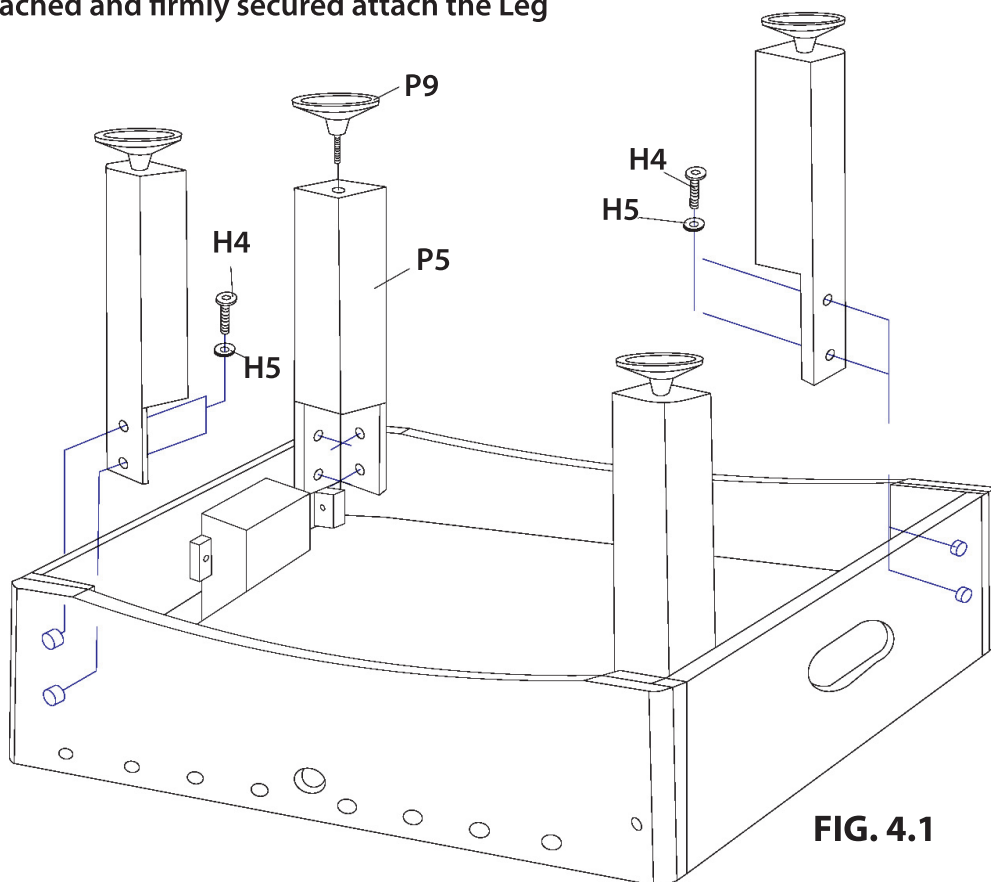

FIG. 4.1

ASSEMBLY

STEP 5.

With at least two adults, carefully turn the table over onto the leg levelers. Each End Ramp (P6-P8) has an adhesive side, on which you will apply to the edges of the Playing Field (P3). Simply peel and remove the protective layer from the underside of each End Ramp and place them in the designated location as illustrated in Figure 5.1.

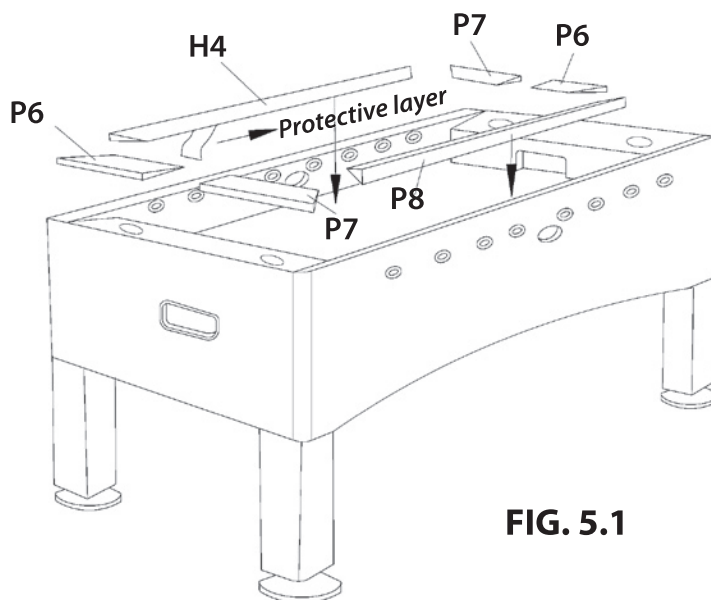

FIG. 5.1

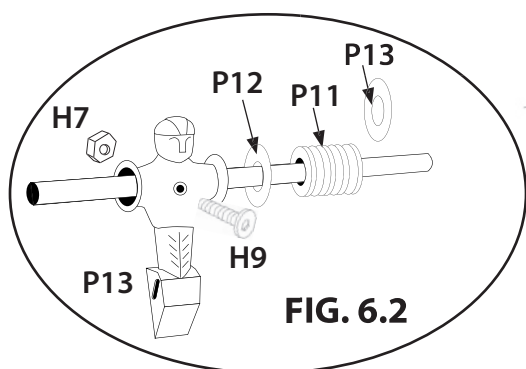

STEP 6.

Now you can assemble the Player Rods (P14-P20). First slide the end of the player rod without the hole on the end, through one side of the Side Panel (P2) hole. Add a Plastic Washer (P13), Bumper (P11), Steel Washer (P12), Home or Away Men (P20) or (P19), (*depending on which rod you are assembling*) another steel washer, bumper and plastic washer before continuing the rod through the opposite side of the side panel. Secure the men in place with Bolt (H9) and Nut (H7) as shown in Figure 6.2. Apply the Handle (P14) to the end of the player rod with the hole through it using Screw (H8). If done correctly, while standing in playing position, your men should be facing your right.

Continue this step for all of the Player rods in the following order:

Offensive 3 player rod, Offensive 2 player rod, Defensive 3 player rod, Offensive 5 player rod, Defensive 5 player rod, Offensive 3 player rod, Defensive 2 player rod, Defensive 3 player rod

Once the rods are assembled correctly, add the Cup holders (P22).

Notice the face on the "front" of the men. This side should face the opposing goal.
