Pro Foos™ I

The Competition-Level Table

Model # DS-K-SC

All Pro Foos I Tables Come with:

3 Balls, Pin Punch & Rod Support Block, "Super Lube" Rod Oil, Warranty Registration, Rules Poster, and Instructions.

Assembled Size:

56"L. x 29"W. x 36"H.

Cabinet Apron Ht:

17½".

Weight:

235 lbs.

Available Kit:

- 1-Man Goalie Conversion Kit—Easily convert your 3-man goalie foosball table into the classic 1-man style of the 70's.

Precisely Sized & Angled Foot
880-tooth grip consistently 3/16" atop the field for optimum ball capture and control, front & back. Sharp foot edge allows for controlled bank shots.

Unique "Lock-On-Men" Compression Bumpers
Won't "walk" on rod. Natural rubber cushions playfield walls.

Counterbalanced Men
Stay "parked" anyplace within 360°.

High Strength, Automotive-Grade ABS Construction Men
Reinforced stress points, computer-tested at ball speeds over 100 mph.

1" Nylon-6 Rod Bushings
Long-wearing, natural lubricity. Rod contact surface within bushing is minimized—deters rod binding when pressure is applied to handles during play.

"Stay-In-Play" Field Trim
Provides very slight rise along playfield walls so balls can't come to rest.

Full-Perimeter Playfield Support
Screw-fastened to side-wall cleats and under goal walls for consistently rigid/responsive play.

Rattle Board with Aluminum Pan
Sounds goal made.

Ball Server with "Ball Hold" Recess

3-Man Goalie
Full field play.

Machine-Trued, Hollowed Steel Rods
Ground & Polished, QPQ casehardened steel with .120" thick walls.

Permanent, QPQ Steel-Penetrating Rod Treatment
Ultra-smooth rod action. Treatment allows handles and men to be precision fit tightly on rods.

Hardwood Octagonal Handles

Hardened Melamine Encased, "Storm Cirrus" Exterior
Chip & mar resistant, fine furniture appearance.

Triple-Fastened, Premium Grade 1" Thick Fiberboard (MDF) Construction on Bushing Walls
Screwed, doweled, and adhesive-welded to hold form. MDF provides strength, heft, and straightness.

1-Year "Top to Bottom" Limited Warranty

Side Ball Return
Retrieve balls from a play position.

Injection Molded, Grit-Abraded Urethane Balls
Enhanced ball control. Centerless ground for true roll.

Double-Wound Spirol Pins
Lock men & handles to rods. No "slop".

3½" x 3½" Legs
Solid polymer with levelers.

You'll never play a better game. Or on one for that matter.

The new Shelti Pro Foos I gives both the accomplished and the not-so-accomplished player a high-performance, astonishingly-responsive, true skill game. It responds crisply to the slightest rod command, delivering full-all-but-friction-free-force to the ball. Pro Foos I also provides a perfectly flat, consistently rigid play surface. Finally, its full-man teams with ball capturing,

maneuvering and shooting abilities are unequalled. It features hand-fitted, triple-fastened cabinet walls—doweled, screwed, and glued—for absolute trueness and QPQ, steel-penetrating rod treatment for ultra lubricity. Even little things like the "Turned Wood on Stainless" ScoreKeeper and the natural rubber "Lock-On" Bumpers are of extraordinary quality. Words alone fall short... play one yourself at a Shelti retailer.
